YORKTOWN HISTORICAL SOCIETY

This picture of the organizers of the Yorktown Historical Society was taken in front of the Nelson house. The tree on the left, in front of the window, was planted by General Lafayette.

"NEAR-BEER" CASES ON AT STAUNTON

Supreme Tribunal of the State Hears Appeals From Frederick and Giles Counties.

[Special to The Times-Dispatch.] STAUNTON, VA., August 31.—The Supreme Court of Appeals began the fall term here to-day with forty-four cases on the docket. Commonwealth vs. Shannon, on appeal from Giles Circuit Court, and Commonwealth vs. Henry, from the Circuit Court of Frederick, were heard together. Attorney-General Anderson and R. M. Ward appearing for the Commonwealth, and Marshall McCormack, R. T. Barton and L. O. Wendenburg for the appellates. The cases involve violations of the Byrd law. Henry was fined \$500 by a magistrate in Winchester for selling two bottles of "near-beer." The law forbids the sale of less than six bottles. He appealed to the Circuit Court, which declared this feature of the law unconstitutional.

The only other case heard to-day was Perdition vs. Commonwealth. Cases set for to-morrow are Commonwealth vs. Gleason, Roselle vs. Commonwealth and the Baltimore and Ohio Railroad Company vs. Commonwealth. The last is over building a new passenger station at Harrisonburg, ordered by the State Corporation Commission.

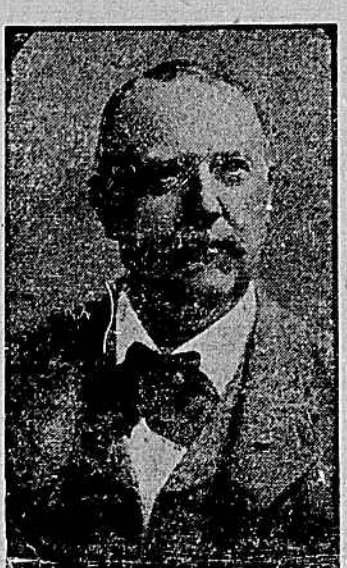

TOBACCO SHIPMENTS GROW.

Eight Months of Current Year Show a Marked Increase.

[Special to The Times-Dispatch.] WINSTON-SALEM, N. C., August 31.—During the first eight months of the present year the local tobacco manufacturers have shipped 28,624,427 pounds of manufactured tobacco, an increase of 2,769,829 pounds over the first eight months of 1908. The receipts at the revenue office for the month of August amounted to \$176,667.90, which shows that 2,934,465 pounds of manufactured tobacco were shipped from this city during the present month.

Only \$9.08 pounds of leaf tobacco were sold on the local market this month on account of the unfavorable weather conditions. As the tobacco brought here was of a low quality the receipts were not large.

WILLIAM L. COBB DIES IN CAROLINE

WILLIAM L. COBB.

[Special to The Times-Dispatch.] BOWLING GREEN, VA., August 31.—William L. Cobb, one of the most prominent citizens of Caroline county, died at his home, near Penola, last evening in the fifty-ninth year of his age. His death was not unexpected, as he had been in declining health for a number of months. Mr. Cobb was the most extensive lumber manufacturer in the county. He was a member of the Constitutional Convention from this county.

He leaves a widow and one son, Dr. E. C. Cobb, and two daughters, Mrs. Charles R. Dickinson and Miss Pearl Cobb. His funeral will take place Wednesday, with the burial in the old family burying-ground, conducted by Rev. J. S. Ryland, pastor of County Line Baptist Church, of which Mr. Cobb was a member.

MEN IN CITY COUNCIL

GRAHAM B. HOBSON.

Graham B. Hobson, of Henry Ward, is one of the vigorous leaders of the Board of Aldermen among the younger class. Mr. Hobson served two terms in the lower branch of the Council before going to the Board, to which body he was chosen to fill a vacancy. At the ensuing primary he was re-elected without opposition, having immediately

ly begun the work of reform at the City Home. He unceremoniously scolded in that institution, which resulted in a complete reorganization of the department. He is now the chairman of the Committee on Relief of the Poor. Mr. Hobson is connected with the Frederick Company in a prominent capacity, and is a leader in social as well as in business circles.

SEABOARD SUITS TOTAL \$110,000

Railway Employees, Hurt in Accidents, Invoke Aid of North Carolina Court.

[Special to The Times-Dispatch.] RALEIGH, N. C., August 31.—Three damage suits aggregating \$110,000 have been instituted against the Seaboard Air Line Railroad Company in the Moore county court. One is for \$30,000, in the case of Thomas J. Core, a brakeman, who lost a leg. Another suit, also for \$30,000, is brought by W. T. Cox, of Portsmouth, a passenger conductor, who sustained a broken leg in a collision. Ernest Duvall, baggage-master, of Portsmouth, is the plaintiff in the third case. His back was injured, and it is alleged, is partially paralyzed. The amount of damages asked in this case is \$50,000.

Negroes Take Bar Examination. It is expected that it will require four or five days this week for the Supreme Court judges to complete the work of grading the examination papers of the sixty-two law students who took the examination during the opening day of the fall term of the court yesterday.

Some of the applicants were negroes, and, of the whole company, twenty-two came from Wake Forest College law school and nineteen from the University of North Carolina law school. The court to-day called the appeals from State vs. Hooper, Barnett vs. Myrdett, Phelps vs. Davenport, Bowen Bowen vs. Hornthal, Forehand vs. Railroad.

There are enough cases on the First District calendar to keep the court hearing appeals until Thursday. Farm Extension Work Grows. T. B. Parker, who is in charge of farm extension work of the State Department of Agriculture, says the number of the series of institutes just closed was the best thus far. The wives and daughters of the farmers, he states, came out in much larger numbers for the women's department work. This was really only the second season for the institutes for the women.

The Department of Agriculture will strive in the future to maintain direct personal communication with more individual farmers than has ever been attempted in the past, with a view to infusing the most aggressive methods of farm life and management.

Held for Attempted Assault. Ernest D. Snyder, representing W. W. Money & Son, of Indiana, has been bound over to the next term of the Superior Court charged with having attempted an assault with a deadly weapon on C. B. Ray, harness and vehicle dealer here, who made a \$25,000 assignment last week, with Money & Company and George E. Nissen, of Winston-Salem, as the largest creditors. Snyder came here to investigate as to Money & Sons' claim, and admits that he cursed Ray, but denies the charges preferred. Ray and a negro driver swear they saw the handle of a revolver in Snyder's hip pocket.

First of New Cotton Crop. Wake county's first new bale of cotton, sold today by N. M. Ralston on the Raleigh market, brought 12 1-4

The New Fall Furniture

The fall season is opening up with an earlier than usual this time, but, owing to early buying in large quantities, we are ready with the goods.

The styles are very pretty indeed, and the quality rich and attractive. Altogether, the advance shipments are highly satisfactory.

You should come by and inspect these new things in Furniture.

cents. It was classed as strict good midding. This first-half record is two days earlier than last season.

Back From Postmasters' Convention. Postmaster W. G. Briggs, of the Raleigh post-office, is just back from the national convention of postmasters of the first class, held at Toledo, which proved, he says, the most successful in the history of the organization. Resolutions for changes affecting directly the general public had to do with limiting persons residing in city delivery districts to receiving mail at the general delivery for thirty days; sending unclaimed mail to the dead-letter office every ten days, instead of every thirty days; fifteen days' sick leave to postal employees; an assessment fund for superannuated employees; educating the public to the use of return-address envelopes; making postmasters custodians of public buildings; creation of bonding fund for employees. To Postmaster Briggs employees. The Postmaster Briggs canceled the honor of delivering the response to the address of welcome. Money for Negro Church. At a rally held here Sunday afternoon by the negroes of Raleigh \$2,100 was raised toward the rebuilding of St. Paul's colored Methodist Church, destroyed by fire July 4.

A charter was issued to-day for the Raleigh Cabinet Works Company, capital, \$20,000, incorporated by C. L. Woodall, W. A. Cooper and others for a general woodworking and cabinet-making business.

BARN DESTROYED BY FIRE.

Stanford County Farmer's Insurance Small and Loss Is Heavy.

[Special to The Times-Dispatch.] FREDERICKSBURG, VA., August 31.—The barn belonging to George W. Beery, a farmer of Stafford county, was destroyed by fire, together with contents of grain, hay and farming implements. The insurance was small. The origin of the fire is unknown.

The Republican campaign will open early in this section. Next Monday there will be speaking at King George Courthouse on court day by J. L. Cruppers and J. L. Shelton. At Stafford Courthouse the following Monday, September 13, Frank P. Brent and M. K. Lowry will speak. Mr. Brent, who is the Republican candidate for Superintendent of Public Instruction, will also speak at Kingsale September 7; Colonial Beach, September 10; Portsmouth, September 9; Portsmouth, September 10 and 11 and in Fredericksburg on the night of September 14.

RIXEY IN LUCK AS FISHERMAN

Norfolk Lake Warden Certify to United States Surgeon-General's Catch of Forty.

[Special to The Times-Dispatch.] NORFOLK, VA., August 31.—Bearing the certificate of the lake wardens that he had, in just one hour's fishing, caught all permitted in one day from these lakes, namely, forty, Surgeon-General Rixey left for Washington this afternoon, declaring that it was one of the most successful outings he had ever enjoyed.

Dr. Rixey came down on the steamer in the morning for the purpose of spending a day fishing in the lakes. He met with phenomenal luck. In fact, his success cut short his sport, causing him disappointment, although there was the consolation of having done as well as was allowed by law.

Fish stories are looked down on in Washington, and so many are told that everybody new is "from Missouri," and for this reason Dr. Rixey asked Wardens Barr and Robbins for the certificate. It was promptly furnished.

To Certify Health of Norfolk.

For the purpose of refuting the report sent out from Northern points, jealous of the fact that Hampton Roads is so often getting Uncle Sam's fleets in these waters, that Norfolk is unhealthy in the summer months, committees from the Board of Trade will meet to-morrow at noon for the purpose of compiling data secured. This matter will be presented to the Navy Department, and corrections asked of the papers publishing reports detrimental to the city.

The health of Norfolk is excellent during the summer and has been for a number of years. The city prides itself on its sanitary condition and freedom from diseases incident to the heated term.

Among those who will join in voting protest will be Admiral Taussig, commandant of the navy yard, and the surgeons in charge of the Naval Hospital here.

Assault Case Appealed.

Following a hearing in Police Court to-day, John Whitehead was fined \$10 and costs by Justice Simmons, on the charge of assaulting James L. Bolote. Mr. Whitehead gave notice of an appeal, and said that Mr. Bolote had precipitated the affair by improper

reference to personal and private affairs. He denied the assault, and the result of a talk about a paving contract.

Fall May Prove Fatal. S. E. Rhodes, foreman of carpenters, fell from the fourth story of a new building at the corner of Water and Church streets to-day and sustained injuries that may prove fatal. He was taken to St. Vincent's Hospital.

BANKERS' TRIALS GO ON FOR YEARS

Two Mistrials and Three Convictions in Twelve Years and End Is Not Yet.

[Special to The Times-Dispatch.] GREENSBORO, N. C., August 31.—United States Marshal James M. Millikan has returned from Asheville, where he has been with from one to two deputies for the past six weeks attending the special term of the Federal court in the trial of the bank cases against former President Breckinridge and Cashier D. H. Johnson, which resulted in a conviction.

This makes the fifth trial of the bank president and his third conviction by a jury. In two of the trials the jury disagreed. In the two convictions, on appeal to the Circuit Court of Appeals, the defendants were given each time a new trial, and in this last conviction appeal will be taken. Besides the unusual fact that these trials have been going on for over twelve years, another unusual incident is that, on account of former conviction with the cases as Assistant United States District Attorney-General, the resident judge of the district, Judge James E. Boyd, was ineligible to try the cases, and special judges have presided. No one judge has ever tried the case twice. The trials have shifted from Asheville to Charlotte and back from Charlotte to Asheville. Five different United States judges have presided at the trials—Purnell, Jackson, McDowell, Keller and Newman.

At the first trial, held in Asheville, Judge Purnell presiding, the defendant was convicted, but got a new trial.

The case was removed to Charlotte on the plea of local prejudice against the defendant. The government employed ex-Judge W. P. Bynum as special counsel. The jury failed to agree, standing. It is said, eleven for conviction to one for acquittal. Judge Jackson presided at this trial.

At the second trial in Charlotte there was another mistrial, the jury being reported as standing eight for conviction to four for acquittal. Judge McDowell presided. At this third trial, in Charlotte, Judge Keller presiding, Major Breckinridge was convicted. The United States Supreme Court declared the conviction void, because two of the jurors finding the bill of indictment had not paid their taxes. District Attorney Holton then brought forward a bill of indictment found at Greensboro for conspiracy, and on this the last trial and conviction was had, before Judge Newman, at Asheville.
